

Speakers

Qualified Professionals and Experts with years of experience in the sewerage industry, such as:

- Indah Water Konsortium (IWK);
- International Islamic University Malaysia (IIUM);
- Renowned Consultants and Contractors.

Who Should Attend?

- Government Officers;
- Sewerage Authorities;
- Treatment Plant Operators;
- Project Managers;
- Environmental Engineers;
- Environmental Scientists;
- Consultants & Contractors;
- NGOs; and
- Students.

Objectives

The core motive of the workshop is to equip, empower and enhance participants' knowledge and understanding of current municipal domestic sewerage treatment technologies. Participants will have the opportunity to be abreast of best practices and technologies in managing domestic sewerage in Malaysia. The workshop offers participants real time case studies on how problems and challenges regarding sewerage are tackled. Don't miss this great opportunity to take part in the comprehensive workshop.

Workshop Fees

Local Fees RM 1,600
International Fees US\$ 600
Student Fees RM 800
Fees inclusive GST
Register by 10 May, 2017
For "Early Bird" Discount of
RM 100 or US\$ 30

Register 2 or more participants from the same organization to enjoy RM100 or US\$30 discount for each participant.

DOMESTIC SEWERAGE MANAGEMENT - PLANNING, DESIGN, CONSTRUCTION AND OPERATION (SERIES - 3.0)
